*Bookings required. Please book at our reception or call 5261 2496 - numbers are limited. If you can't make it, please let us know. Subject to change. No activities on fire danger days.

All activities will take place on (or leave from) the oval unless otherwise stated.

ACTIVITIES

Follow us on Facebook for updates and tag your Instagram photos with #torquayforeshorecaravanpark to be featured!

BUSH TUCKER (PLANT ID)

Everything green growing around the campground and along the coast is not 'just a plant'. There are hundreds of different types of plants here all with names and stories you can discover. Some have leaves you can put straight in tonight's burger. Others have berries that might be sweet and ripe to try. Come along and find out about nature's food supply.

ROCKPOOL RAMBLE

A world unlike any other, able to be explored only during the low tide and home to some of the most interesting creatures on the planet. Come and tickle a crab or touch a seastar, wear something better than thongs though or you might fall in!

THINGS UP CLOSE

We have a super powerful microscope and we're not afraid to use it. Find something cool and bring it along for us to look at: they all look incredible when seen – Up Close!

STARGAZING

The opposite of our super powerful microscope is our super powerful TELESCOPE. Amazing views of the moon and stars are on offer, if there are no clouds!

BIOBLITZ

A new activity for the budding biologists or just those who are super keen about the natural world. This is literally where we find everything we possibly can that is alive, take its picture, upload it to the internet and become the best citizen scientists we can be.

STORYTIME

Time to relax while we tell you a story. It could be one from our Rangers memories, or perhaps one from your favourite bedtime story book.

BIRDWATCHING

Grab your pair of binoculars or borrow some of ours and come and start your list of birds. We have birders from all over Australia come to this coast to see some of our local birds. Once you have caught the birdwatching bug you will realise it is like the biggest treasure hunt you have ever been on, that lasts your whole life!

NINJA WARRIOR

A super fun course filled with quads steps, a balance beam and vault, jumping obstacles, commando crawl tunnel and inflatable beat the wall. Suitable for ages 12+.

BUBBLE SOCCER

Bash, bump and roll in a fun, full-on and full contact game of soccer. Must be 13+ to play. A parent/guardian must sign a permission form at the time of booking.

FOOD TRUCKS

Take the night off from cooking and choose from a range of tasty street fare, right in the park.

CAMPER CONVERSATION

Drop in for a chat with senior management to discuss caravan park operations.

WILDLIFEXPOSURE DISPLAY

A live interactive animal display is the perfect opportunity to safely smile at a crocodile, cuddle a dingo, drape a python around your neck, stare in to the eyes of an owl or laugh with a kookaburra. Whilst learning about some of Australia's amazing creatures and the types of environments they are found in, there will be lots of opportunities for amazing photos and selfies with the animals.

WILDLIFEXPOSURE: NATIVE ANIMAL PRESENTATION

Encounter unique animals from around Australia - mammals, birds, marsupials, amphibians and reptiles. Interact with owls, lizards, turtles and frogs, confront non-venomous pythons, hold hand reared gliding possums or pat a crocodile in this 1 hour interactive native animal presentation. Learn about the types of environments each animal lives in, what they like to eat and lots of other amazing facts.

KELLY SPORTS

Kelly Sports will provide a range of fun games and activities for ages 4-11 that develop children's fundamental sporting skills in an environment that encourages children to give sport a go!

AMAZING RACE

In groups of 4-6 you will take on a wide array of challenges around the park. The first team to finish will win a price.

Please wear your hat, sunscreen and shoes to all activities.
